Janet Fogg is a quilt artist, teacher and pattern designer from Lake Oswego, Oregon. She has won numerous awards for her show quilts including nine viewer's choice ribbons. Janet's quilts have been exhibited at national and international shows including IQA Quilt Festival, American Quilter's Society Show, Pacific International Quilt Festival and IMQA Machine Quilters' Showcase to name a few. Janet has written articles for Quilter's Newsletter, American Quilter and IMQA On Track magazines. She has taught for many quilt guilds and organizations throughout the United States including Empty Spools Seminars and Quilters' Affair in Sisters, Oregon. Recently Janet began designing and producing quilt patterns for the adventurous beginning to intermediate quilter. Her whimsical images often combine with a foundation of traditional quilt blocks resulting in visually exciting contemporary designs. Janet's studio is an historic American Gothic church near her home.

Quilter's Choice:

Choose a quilt project from the Janet Fogg collection of contemporary quilt designs.

Discover how the curves and contours of animals, butterflies or flowers combine with traditional block or mosaic piecing to create unexpected visual interest. Machine piecing teams up with a new method of turned edge appliqué to construct these quilts. Students will work section by section from full scale pattern sheets and coordinating fabric kit. Pattern kits are required for class and include a pattern and all of the fabric needed to make the chosen quilt top and matching binding. Kits may be selected and purchased from Janet Fogg the first morning of your class and range in price from \$75.00 to \$90.00. Prices are listed under each project below.

Choose from the selection below or from additional designs available at the time of the cruise on Janet's website in the workshops section. www.janetfoggquilts.com
